

Sick Child Policy

This policy describes the action to be taken if a child becomes ill during the pre-school session.

A member of staff will stay with the sick child at all times, depending on the severity of the illness the child may need to be kept in isolation.

Parents or carers to be contacted, staff may describe the symptoms to the parents or carers but must not attempt to diagnose the child's illness.

If none of the emergency contacts can be sought staff will monitor the child until parents or carers arrive and if necessary seek emergency medical treatment as stated on the registration forms.

We will follow infection guidance notes for exclusion periods a copy of which can be made available.
